Well, it's been a while since a release because of the lack of raws on the net. But now that is no longer the problem and we have raws for the first three volumes. We're aiming to make weekly releases for this series, so look forward to it. There is no guarantee for that happening, though.

I decided to use the nickname Hirwyer because really the pun needs make sense in English if you don't know Japanese and at least Honda and Hirwyer can be rhymed there.

NOTE

- A lot of times in Japanese, you'll hear the word sempai or sensei thrown around, which is something that's normal. Even in every day Japanese you'll hear it. Personally, for the sake of translating and making it more natural for the every day English speaker, I like to translate these terms as well. Sensei is easy because you can just use Mr. or Mrs., but sempai is a bit harder, because it deals with people who are not necessarily older than you, but may have more seniority. Generally I like using Mr. and Mrs. for this too but sometimes it just sounds weird, but I guess that's one of the harder things to translate properly in English. Most manga fans won't care if it's left as Sempai, but I like to change it

- In the past chapters there's been a lot of references to receiving the ball, but choosing between "receiving" and just "bumping" can be difficult too. I naturally type out receiving, but sometimes I read over the translation and think bumping might be better.

THE FALCON'S DEN

As much as I hate to admit it, the title of this chapter came because I made a translation mistake. The Falcon (隼) part was right, but I had no idea what Kokura/Ogura (小倉) meant until I started reading the chapter. I figured it just meant "small warehouse" or "Den" as I translated it. The titles for each chapter was done during volume 1 so I didn't read through the whole volume before translating. I can't express how surprised I was when I found out that (小倉) was actually a town in Fukui prefecture. ^^

Needless to say, it's correctly translated in this chapter! Then again, the title does sound cool as it is.. so I guess I got lucky!

RECRUITING

ryColaa Scanlations is looking for various positions that need to be filled. First and foremost is of course more translators in order to do more projects and whatnot. Also, if you're a transaltor, but just don't have enough time to translate a series and transcribe it, then you can apply to be a proofreader because we need proofreaders who know Both English and Japanese pretty well. Also, Raw providers always help, especially if you live in Japan and know how to use a scanner. In addition to these positions, we are also searching for a website designer and a forum designer to make it look better and liven it up.

I'm not completely sure, but it was sometime this week and I'll consider today to be the day.

THE NAME OF THE CHAPTER IS CALLED TWISTER PARADE, BUT TERASHIMA AKIRA'S MOVE IS CALLED TWISTER BLADE. WHY'S THAT? WHEN I INITIALLY TRANSLATED THE TABLE OF CONTENTS, I READ IT AS "PARADE" BUT QUICKLY REALIZED MY ERROR AND TRANSLATED THE NAME AS "BLADE". BUT, WHILE I WAS TRANSLATING VOLUME 1, I WAS ALSO READING VOLUME 2 IN HARDCOPY FORM, AND REALIZED THAT "PARADE" WOULD ACTUALLY BE A GOOD TITLE FOR THE CHAPTER THAT THE TWISTER BLADE DEBUTS IN. WHY, YOU ASK? WELL, YOU'LL JUST HAVE TO READ THE FIRST PARTS OF VOLUME 2 ONCE THEY'RE OUT.
